Index of articles in 1973 issues of fueloil & oil heat

FUELOIL (Distribution and management)

	Month	Page
API approves new environmental funds *Total 1973 research program reached $4.9 million*	Feb.	38
Brooks transaction computer *Truck-mounted system invoices fueloil deliveries*	Nov.	46
Don't buy a new truck *Chet Cunningham* *Buy trucking productivity*	June	33
Don't git frost bit! *Chet Cunningham* *Winterproof your trucks now*	Sept.	47
Driving tips *There are ways to conserve air and fuel*	Dec.	42
Gamble in the Gulf pays off *Kerr-McKee marks 25 years of offshore drilling*	Aug.	40
Gengnagel Fuel enjoys unique advantage *Operates only service department in town, provides all elements of total comfort*	Apr.	37
Government regs affect your trucks *Chet Cunningham* *What you should know and where to find out about it*	Oct.	44
Heating oil supply *NOJC position paper outlines causes and effect*	Mar.	32
Help prevent shortages *New Hampshire and Washington are taking steps*	Dec.	39
Hydroponics *Plant cultivation where oil and water do mix*	Mar.	36
'I like this business' *Bill Robinson does and he plans intelligent expansion*	Nov.	48
In-house computer controls deliveries and records *Atlas Oil finds it saves money, too*	Feb.	28
It may take a little time *Jay Gress, Inc. finds that short-range and long-range planning pays off*	Jan.	27
Modular boiler system saves fuel *Slant/Fin modernizes Pilgrim Furniture plant*	Oct.	33
NOJC President Greenes interview *Examines fueloil dealer's present position and the outlook for the future*	Mar.	27
Oil heat keeps the bunnies warm *Lpg didn't work, so Harden Oil converted the Playboy Club-Hotel to oilfiring*	Apr.	34
Pennsylvania advertising campaign *Association condemns excessive diversion of heating oil*	July	36
School finds electric heat costly *Better Heating-Cooling Council report on Mansfield Middle School*	Dec.	52
S.O.S. — Send Oil Supply — committee *Briefs Congressmen and Senators on heating oil picture*	Mar.	30
Sound business management pays off *Lykins Oil has grown from a one-truck commission operation to a 3.5 million gallon dealership*	Feb.	23
Superport proposed for Delaware Bay	June	54

FUELOIL (Cont.)

	Month	Page
What a difference a day makes! *David L. Burke* *Federal safety standards turn Boston Steel into a final manufacturer overnight*	Feb.	36
Why the oil shortage? *Shell Oil executive analyzes reasons at NOJC convention*	May	45
You gotta have a place to put it! *Heating oil dealers plan more storage, either building or renting tankage*	July	27

MANAGEMENT (Oilheating and total comfort)

	Month	Page
Aging of accounts receivable *Bill Henwood* *Proper aging, its interpretation and eventual control has a definite effect on working capital*	Feb.	35
Burnham celebrates 100th anniversary *Introduction of new products marks event*	July	40
Combustion testing uncovers sales leads *Bromley Fuel uses burner tune-ups to discover prospects for modernization sales*	Oct.	39
Computers and your business		
I. *Here's what to consider before deciding to computerize*	Sept.	43
II. *On-line system combines in-house computer with central computer*	Sept.	51
Computer — boon or toy? *Ballard Oil finds it improves operations management*	Nov.	40
Do you need employee theft insurance? *Bill Henwood* *Management supervision is necessary to forestall theft*	Mar.	34
Employee relations and training are management functions *Bill Henwood*	Jan.	30
Exxon training facility *School at Linden, N.J., teaches practical service*	May	40
High total electric bills prompt switch to oilheating *Ventnor City, N.J., apartment turned off by high bills*	June	43
How to make a speech *Vincent Vinci* *Ten hints all hinge on preparation*	Nov.	43
In-house service school *Bromley Fuel uses sophisticated teaching aids*	Apr.	31
OSHA Review Commission *Court adjudicates disputed enforcement actions*	Dec.	49
Selling self-contained total comfort *Moyer & Sons finds Williamson Five-in-one system appeals to builders*	June	52
Tax savings require planning *C. V. Ashe* *Work closely with tax consultant*	Dec.	34
Tax status of business conventions *IRS regulations govern deductible business expenses*	Feb.	31
The equipment dilemma *Pat Zazzaro* *Should we simplify, standardize or train?*	Feb.	27

MANAGEMENT (Cont.)

		Month	Page
The great metric muddle *An analysis of what's involved in going metric*	*John R. Owen*	Jan.	40
Turn time into sales *Just one more call a day can produce dramatic increase in sales volume*		June	75
We need to communicate *Is hydronics being phased out of residential construction?*	*Kenneth L. Kirk*	Oct.	47
Yankee management builds growth *Ferns Oil Co. shows record of growth and sound management*		Sept.	41
You can sell new home oilheating *Reputation built on quality and dependability has paid off for Woodruff Oil*		May	37
You can't sell the builder . . . *Unless you tell him oilheating's story*	*Miles Lerman*	Aug.	42

TECHNICAL

		Month	Page
Baffles aren't baffling *Properly used, baffles improve performance, save fuel*	*Fred Feigenbaum*	Oct.	41
Basic information about thermostats	*Fred Feigenbaum*	Aug.	34
Chimneys: the long and short of it *What they do. How to select the right size*	*E. F. Fields*	Dec.	36
Combustion Chambers Part I *Review and up-date*	*Fred Feigenbaum*	Dec.	31
Electrodes and ignition problems *How electrodes fit into the cause-and-effect syndrome*	*Fred Feigenbaum*	Sept.	66
Estimating annual fuel consumption *Formula based on degree-days and correction factors*	*Bill Axtman*	Jan.	52
Evaluate burner performance *Combustion testing is the only sound, accurate way*		Oct.	36
Have you seen a pear-shaped flame lately? *Servicemen have to know about flames and what to do with them*	*Fred Feigenbaum*	May	42
Heavy oil ignition notes *Gas ignition problems with horizontal rotaries*	*Fred Feigenbaum*	Apr.	49
Heavy oil rotaries *Some firing problems that will confront servicemen*	*Steven Mavros*	Sept.	58
Hot water hook-ups of old boilers *I. Steel boilers*	*Steven Mavros*	July	45
II. Cast-iron boilers		Aug.	49
Multiple burner installations *Piping for oilfired suspended furnaces*	*Steven Mavros*	Nov.	54
Night setback reduces fueloil consumption *Honeywell analog computer study shows average savings of 9%*		Aug.	44
Oil heat can cost less *Insulation can conserve fuel, increase comfort*		Aug.	31
RCA Rubber converts to oil *Sim-Flo oil/air ratio control makes installation possible*	*Robert J. Kerr*	Oct.	52
Some oil preheating notes *Part I*	*Steven Mavros*	Feb.	42
Part II		Mar.	44
Solving multi-tank problems *Modernization jobs makes use of existing storage*	*Steven Mavros*	May	64
The proper tool in the proper place	*Fred Feigenbaum*	Nov.	35
The 'Lithuanian' chef *Serviceman learns new way to cook Thanksgiving turkey*		Nov.	45
The Service Corner *Problems with flame temperature and gravity hot water heating systems*		July	38
Turndown ratio *Flame containment is the answer*	*Fred Feigenbaum*	June	60
Who needs another headache? *Fix those bothersome leaks once and for all*	*Fred Feigenbaum*	July	31
Zoning for comfort *Basics for improving operation of air and hydronic systems*		Jan.	36

STATISTICS

		Month	Page
Annual sales analysis *Oilheating gains in new construction*	*Margaret Mantho*	June	38
Heating oil sales *Bureau of Mines report for 1972*		Nov.	52
Oilheating installations by states *On sales of 734,043 in 1972, industry now has 11.8 million users*		Oct.	49
Profits sag as costs outpace margins *Dealers face 18% rise in doing business while spread increased 8%*	*Margaret Mantho*	Sept.	35
What can you do about service losses *Charge at least as much as your customer costs you*		May	32

SPECIAL STUDIES OF THE MONTH

	Month	Page
Crime and vandalism cost average dealer $425 each year	Sept.	28
Dealers find surprises in 73-74 contracts	July	22
Dealers increase customer storage	Dec.	24
Dealers list causes of No. 2 fueloil shortage	Oct.	26
Dealers rank functions of national oilheating association	Mar.	14
Dealers working on increased storage	June	22
Fringes, overtime boost delivery costs	Nov.	26
Fuel crisis speeds collections	Aug.	22
Heating oil dealers assess the business outlook	Apr.	24
Service contracts eat into profits	Feb.	12
Wages for non-operating employees going up faster than cost of living	Jan.	16

GENERAL

	Month	Page
Heating and airconditioning exposition		
List of exhibitors, convention program	Jan.	32
Report on equipment displays	Apr.	39
Hydronics Institute honors Wales; *Announces speakers' bureau*	Jan.	44
Hydronics Institute annual meeting *Programs concentrate on energy crisis*	Aug.	47
Hydronics Institute has new marketing program	Dec.	45
Jersey convention program	Apr.	42
NEFI convention-exposition		
Meeting program	June	36
Supply examined from economic, government and industry viewpoints	Aug.	37
NOFI's Acapulco convention program	Mar.	38
NOFI Acapulco convention report		
Interruptible gas caused shortages	May	50
Good profit opportunities predicted	May	50
Heating oil must protect itself	May	52
Builders are wooing fueloil	May	52
Use educational aids and programs	May	52
Need strong but separate NOFI	May	85
Equipment and performance call for attention	May	86
Sees SNG as threat to heating oil supply	May	86
Computer analyzes fuel costs	May	87
NOFI advisory committees hold first meetings *Plan to continue national organization*	Feb.	60
NOFI annual meeting report *Merger negotiations to continue*	Nov.	50
NOFI makes awards at Acapulco *Aladdin Lamp, Igniters and Pioneers honored*	May	49
NOJC fall convention *Greenes is named president; Maine joins Council*	Jan.	44
NOJC okays NOFI merger	Dec.	44
NOJC spring convention *Imports - contracts - storage - refineries - wasteful use*	Apr.	64
Refiners say 'No' to NOFI	Jan.	6
Restructured NOFI voted *Dealers and manufacturers to participate in new organization*	May	47
Service managers convention		
Program emphasizes equipment, operations and total comfort	Mar.	41
Camera views 20th annual meeting	July	34
